Malta Permanent *Residence* Programme

— ◆ —
*A new home in Europe for your family —
fees, conditions & process*

2026 EDITION

CURRENT AS AT 28 SEPTEMBER 2026

S.L. 217.26

AS AMENDED BY L.N. 146 OF 2025

01 — THE PROGRAMME

Permanent residence in a European Union member state

The Malta Permanent Residence Programme (MPRP) grants qualifying non-EU nationals and their families the right to reside and settle in Malta on a permanent basis, subject to continued compliance with the programme conditions, in exchange for a qualifying property commitment, a government contribution and proof of independent means.

€99,000

CORE FEES, CONTRIBUTION & DONATION

Up to 4

GENERATIONS ON ONE APPLICATION

1-year

TEMPORARY PERMIT — APPLY ON SUBMISSION

Principal advantages

- ◆ **Temporary residence while you wait** — upon submitting the MPRP application, applicants may apply for a one-year temporary residence permit, subject to the Agency's documentary and procedural requirements.
- ◆ Permanent residence status, subject to continued compliance with the programme conditions. The residence card itself is normally valid for five years and is renewable.
- ◆ Visa-free travel within the Schengen Area (90 days in any 180-day period).
- ◆ No minimum physical stay requirement in Malta.
- ◆ Spouse, children, parents and grandparents may be included on a single application, subject to eligibility.
- ◆ For purchased property in Special Designated Areas, letting may be possible, subject to the Agency's conditions and other legal requirements.
- ◆ An English-speaking EU jurisdiction with excellent schools, healthcare and a Mediterranean way of life.

Who may apply

- ◆ Main applicants aged 18 or over.
- ◆ Nationals of a country outside the EU, EEA and Switzerland.
- ◆ Applicants who are not nationals of a jurisdiction currently restricted by the Residency Malta Agency (see p. 7).
- ◆ Persons of good character with a clean criminal record who satisfy the Agency's due diligence.
- ◆ Applicants able to evidence the prescribed capital and a lawful source of funds and wealth.
- ◆ Holders of a valid travel document and comprehensive health insurance covering Malta and the EU.

Licensed agent requirement. Applications may only be submitted to the Residency Malta Agency through a Licensed Agent. Gauci Maistre & Gauci Maistre Advocates is a Licensed Agent (Licence No. RES-GAUC) and represents applicants from preliminary assessment through to the issue of residence cards.

Apply for temporary residence while your MPRP application is processed

Under Legal Notice 146 of 2025, applicants may apply for a one-year temporary residence permit upon submitting their MPRP application, subject to the Residency Malta Agency's documentary and procedural requirements. Submission of an application does not, of itself, authorise residence in Malta.

Apply on submission

The permit may be applied for together with the MPRP application. If granted, the family may reside in Malta while the application is assessed.

Renewal at the Agency's discretion

The permit is valid for one year. Any renewal while the application remains under review is at the Agency's discretion.

No guarantee of approval

Permanent residence depends on successful assessment and fulfilment of all programme conditions. Temporary residence does not guarantee approval.

Key requirements

- ◇ The MPRP application is filed through our firm as Licensed Agent.
- ◇ The initial €15,000 administration payment is made within one month of submission.
- ◇ **Six-month deadline:** all prescribed application information and documentation must be submitted within six months of the *application date* — not the date on which any temporary permit is issued.
- ◇ The permit is issued only where the Agency's documentary and procedural requirements are met. We confirm the Agency's current operational requirements at the time of filing.

Important points

- ◇ The five-year property and capital periods run from the date the *residence certificate* is issued. Time spent under a temporary permit does not count towards them.
- ◇ The full application and supporting documentation continue to be assessed in parallel.

The temporary permit is linked to the outcome of the main application. Should the application be refused, the temporary permit is revoked and fees paid are not refundable. We therefore conduct a thorough pre-assessment before recommending this route.

03 — FEES, CONTRIBUTION & DONATION

Schedule of fees

Following Legal Notice 146 of 2025, a single flat contribution applies irrespective of whether the applicant purchases or leases the qualifying property. The spouse and minor children are included in the core fees at no additional charge. All amounts are non-refundable and must be remitted by bank transfer from the applicant's declared account.

ITEM	DEADLINE	AMOUNT
Administration fee — initial payment	Within one month of application submission	€15,000
Administration fee — balance	Within two months of approval in principle	€45,000
Government contribution Flat rate for both the purchase and lease routes; covers main applicant, spouse and minor children	Within eight months of approval in principle	€37,000
Philanthropic donation To a registered local NGO, with evidence of payment	Within eight months of approval in principle	€2,000
Core cost — main applicant, spouse & minor children		€99,000

Dependant and card fees

Dependant administration fee — initial application Per chargeable adult dependant (e.g. parent, grandparent or dependent adult child). Not payable for a qualifying adult child with a disability.	Within two months of approval in principle	€7,500 each
Subsequent addition of dependants Applications for inclusion under regulation 11(2)–(5)	Upon submission of the application for inclusion	As applicable
Residence card Per beneficiary; normally valid for five years and renewable	On biometric enrolment	€500 each

Completion evidence. The qualifying property, health insurance and all remaining completion evidence must also be provided within eight months of approval in principle.

Not included above: the qualifying property itself (purchase price or rent), duty on documents, notarial and registration costs, health insurance premiums, translation and apostille costs, and our professional fees, which are quoted separately upon engagement.

04 — QUALIFYING PROPERTY

Property requirement

The applicant must purchase or lease a qualifying residential property in Malta or Gozo within eight months of approval in principle. Uniform thresholds apply across all regions. Hotel units do not qualify. The five-year holding period runs from the date the residence certificate is issued.

OPTION A · PURCHASE

€375,000 *minimum*

Minimum purchase consideration paid for the property

- ◇ To be retained for at least five years from the date the residence certificate is issued.
- ◇ A valuation of €375,000 is not by itself sufficient. Lower-price acquisitions qualify only in limited cases, such as where supported by works and valuation evidence, or where otherwise accepted by the Agency.
- ◇ For property in Special Designated Areas, letting may be possible, subject to the Agency's conditions and other legal requirements. We confirm the conditions for each property.
- ◇ Acquisitions outside Special Designated Areas may require an AIP permit; duty and notarial fees apply.

OPTION B · LEASE

€14,000 *per annum*

Minimum annual rent

- ◇ To be held for at least five years from the date the residence certificate is issued.
- ◇ Lease agreement to be registered with the Housing Authority.
- ◇ The property may not be sublet during the first five years; thereafter, subletting may be possible with the landlord's consent (not to another MPRP applicant).
- ◇ Rent paid before the residence certificate is issued does not count towards the five-year period.

05 — CAPITAL REQUIREMENT

Proof and maintenance of capital

The main applicant must evidence total capital assets, of which a prescribed portion is held in financial assets. This is not merely an entry test: the applicable capital, including its financial-asset component, must be **maintained for five years from the date the residence certificate is issued**. The requirement does not increase with the number of dependants.

ALTERNATIVE	TOTAL CAPITAL	OF WHICH FINANCIAL ASSETS
Capital option 1	€500,000	€150,000
Capital option 2	€650,000	€75,000

Qualifying financial assets include bank deposits, bonds and publicly listed or traded shares. Cryptocurrency holdings are excluded. Real estate may count towards total capital, supported by an independent valuation.

06 — ELIGIBLE DEPENDANTS

Up to four generations, one application

- ◇ **Spouse** or partner in a legally recognised relationship — no additional fee.
- ◇ **Children under 18**, including adopted children — no additional fee.
- ◇ **Unmarried adult children** who, at the time of application, are under 29 and principally dependent on the main applicant.
- ◇ **Adult children with a disability** — a separate category, requiring appropriate certification; the ordinary age limit does not apply and no dependant administration fee is payable.
- ◇ **Parents and grandparents** of the main applicant or spouse, who are financially dependent and not in full-time employment.
- ◇ Dependency is supported by a sworn affidavit and, where possible, financial records.

ILLUSTRATIVE COSTS — NOT AN ALL-INCLUSIVE TOTAL

Family of four — renting

Main applicant, spouse and two minor children

Administration fee	€60,000
Government contribution	€37,000
NGO donation	€2,000
Residence cards (4 × €500)	€2,000

Programme fees, donation and residence cards €101,000

Minimum rent, five years (5 × €14,000) €70,000

Including five years' minimum rent €171,000

Family of six — purchasing

Main applicant, spouse, two minor children and two chargeable parents

Administration fee	€60,000
Government contribution	€37,000
Dependant administration fees (2 × €7,500)	€15,000
NGO donation	€2,000
Residence cards (6 × €500)	€3,000

Programme fees, donation and residence cards €117,000

Minimum purchase price €375,000

Including minimum purchase price €492,000

Excluded from these illustrations: professional fees, property transaction costs (duty, notarial and registration fees), health insurance, and other incidental expenses. Rent paid before the residence certificate is issued is additional to the five-year rent shown.

07 — THE APPLICATION PROCESS

From instruction to residence card

**RESTRICTED JURISDICTIONS**

The Residency Malta Agency does not accept applications from nationals of certain jurisdictions. The list is set by the Agency and may change at any time; we confirm the restrictions in force at the date of pre-assessment.

Applications are refused where the applicant or a dependant has a criminal record, is subject to international sanctions, or has been involved in terrorism, money laundering, serious violent or sexual offences, war crimes or human rights violations.

08 — AFTER APPROVAL

Continuing conditions

Permanent residence continues subject to compliance with the programme conditions. The Agency monitors beneficiaries annually during the initial period and may continue to monitor them whenever it considers appropriate.

For five years from certificate issue

- ◇ Retain the qualifying property, purchased or leased, at or above the applicable threshold.
- ◇ Maintain the qualifying capital, including its required financial-asset component.
- ◇ File annual compliance declarations and cooperate with the Agency's monitoring, including property inspections.

Throughout residence

- ◇ Notify the Agency of relevant changes in personal or family circumstances, such as address, civil status or family composition.
- ◇ After the first five years, continue to hold a residential property in Malta, by purchase or lease; the original thresholds no longer apply.
- ◇ Maintain comprehensive health insurance covering all beneficiaries in Malta and the EU.
- ◇ Have stable and regular resources sufficient to support yourself and your dependants without relying on Malta's social assistance system.
- ◇ Renew residence cards as they expire; cards are normally valid for five years.
- ◇ Remain of good conduct. Residence may be revoked for breach of conditions, criminal conviction or false declarations.

A note on taxation

Permanent residence under the MPRP is an immigration status and does not of itself create Maltese tax residence. Whether a beneficiary becomes tax resident, and on what basis, depends on actual presence and ties to Malta. We recommend dedicated tax advice before relocation.

DOCUMENTATION TYPICALLY REQUIRED

- ◇ Certified passports and national identity documents
- ◇ Birth and marriage certificates (apostilled and translated)
- ◇ Police conduct certificates for the main applicant and each dependant older than 14, from the country of origin and relevant countries of residence as the Agency requires
- ◇ Medical certificates and proof of health insurance
- ◇ Bank reference letters and statements of financial assets
- ◇ Detailed source of funds and source of wealth narrative, with evidence
- ◇ Curriculum vitae and proof of address
- ◇ Affidavits of dependency and, where relevant, disability certification

Discuss your family's move in confidence

We advise private clients, family offices and intermediaries on every stage of the Malta Permanent Residence Programme, from pre-assessment and any temporary residence permit application through to the issue of residence cards. We would be pleased to arrange a confidential consultation.

Important notice. This brochure summarises the Malta Permanent Residence Programme Regulations (S.L. 217.26), as amended by Legal Notice 310 of 2024 and Legal Notice 146 of 2025, and published guidance of the Residency Malta Agency as at 28 September 2026. It is provided for general information only and does not constitute legal, tax or financial advice. Fees, thresholds, restricted jurisdictions and procedural requirements are set by the Government of Malta and the Residency Malta Agency and may change without notice. Temporary and permanent residence are granted at the sole discretion of the Agency, and all fees are non-refundable. Specific advice should be obtained before any application is made.
